

# Don't Let Me Go

**Mikal Cronin**

It's a game we tried and ran out of time.  
It's a side of me that I can not find,  
That I can not find.Don't let me go, don't let me go  
Cause I don't want, Don't want to know  
Is it my fault we could not grow.Can't take this feeling from me.  
Can't take this feeling from me,  
Shine on bright above me.  
Be the light that guide me up and through the fog.  
You're all I know, you're all I know.It's a change of heart that we can't ignore.  
There's a part of me that will still be yours,  
That will still be yours.  
  
Don't let me go, don't let me go  
Cause I don't want, Don't want to know  
Is it my fault we could not grow.  
  
Can't take this feeling from me.  
Can't take this feeling from me,  
Shine on bright above me.  
Be the light that guide me up and through the fog.  
You're all I know.  
  
Can't take this feeling from me.  
Can't take this feeling from me,  
Shine on bright above me.  
Be the light that guide me up and through the fog.  
You're all I know, you're all I know.
