

Capacity

Robyn Cage

you're taking every measure
to keep me satisfied
you're paying close attention
to the details that i hid there's something in me changing
it's your power over me
you're charging my emotions
and you set them free
Chorus:
i never loved no-one the way you love me
never had the capability
I wanna be for you what you are for me
so i'm raising my capacity I used to be so selfish
'Cause I was afraid
I used to be so careful
kept my feelings tucked away you make it look so easy
simple and safe
my little heart
is getting bigger every day
Chorus:
I never loved anyone the way you love me
never had the capability
I wanna be for you what you are for me
so i'm raising my capacity everything I give you comes right back to me
a hundred times stronger, with more intensity
you give more love than I'm able to receive
so i'm raising my capacity
I'm raising my capacity I'm raising my capacity
I'm raising my capacity
I'm raising my capacity
