Abandon

Fallujah

You speak in your sleep
Tell me everything you feelI promised you
But I must abandon you alone
I don't know where I will go
Can love carry us home?The beauty in loss
Tragic thoughts in disguise
I'm worlds away from you, saving you
Reclaiming you
Failure as father
But I go where you can't follow
Eden is not a myth
Life of despair is something we can't acceptThe stars will guide my path
To the soil's next breath
For now you must accept
I wander alone at no one else's expenseI must abandon you to the squalor
Starvation and sorrow
You speak in your sleep
As I set free every tear in me
Time has come and gone
But I'll always recall everything you were
