1,2,3,4,5,6 count to 16, that's how many in my nine click

Still riding dirty, won't catch me slippin
Strapped up shawty, big nose like pimpin
Racked up shawty, big dough I'm getting
Presidential rollie, my wrist richard nixon
20 grand on hammers, they droving from rich men
Lord forgive my past, but these streets ain't forgivin
I'm from a place where these niggas don't play
Everybody got guns, even killers ain't safe
Real nigga die young, for me that won't be the case
I'll let murda be my case for I let em see that day
No mercy for these niggas but I pray for these boys
Let em choppas make noise, sad day for you boys
