Empathy

Shelter

In my world, where I'm the king
I can't tolerate anything
And because of this I'm suffering
All along, along, along, alongIn my universe, I can't be wrong
All those opposed, just move along
Cross my path and you'll be gone
C'mon, c'mon, c'mon, c'monEmpathy, empathy will I empathize?
Empathize, can I look through your eyes?
Empathize, can I look through your eyes?I'll find different paradigms
And different minds never two of a kind
And it'll bring me back down to size againIn my universe, I can't be wrong
All those opposed, just move along
Cross my path and you'll be gone
C'mon, c'mon, c'mon, c'monI live in a world where I'm the center of it all
And everyone else seems so small
That was the beginning of my downfall, yeah
That was the beginning of my downfallEmpathy, empathy will I empathize?
Empathize, can I look through your eyes?
Empathize, can I look through your eyes?I'll find different paradigms
And different minds never two of a kind
And it'll bring me back down to size againI live in a world where I'm the center of it all
And everyone else seems so small
This is the beginning of my downfall
Of my downfallI never seen through your lens friend
And I'm gonna break if I don't bend
Is it too late to make amends?
No, no, no, noEmpathy, empathy will I empathize?
Empathize, can I look through your eyes?
Empathize, can I look through your eyes?Empathy, empathy will I empathize?
Empathize, can I look through your eyes?
Empathize with me
