Fun Lovin' Criminals

Alright, alrightYeah, Im a nicely zooted new car owner, and Im somewhat convoluted
Because Im living in a coma
I render those useless who pinch off my trim
Your light they are on but your lights they are dimYeah, I got the bushmill shots, some cops that give me props
I got the Motts, Spike, I got the Motts
Having fun with my gun, son, you know its loaded and the FLC
Is raw yall not candy coatedCooling on the block with my case of rolling rock
Thinking up the schemes to get ourselves the knot
'Cause you know we love to get down and party with the big boys
They asked me to be mayor, and if I had a choiceCause I love you people and my boys love you too
So fuck the king of beers this ones for you.
So if grunts from stunts is what you want say, ow
The FLC with the mucho grande styleYou know you cant boom with a bullshit system
And you cant fix a man when hes broke
You know you cant max if you dont pay the tax
And you cant wax the man if you chokeYou know you cant boom with a bullshit system
And you cant fix a man when hes broke
You know you cant max if you dont pay the tax
And you cant wax the man if you chokeYou know the funk I drop is wild just like Aretha beltin
My shit is going fast, so get your second helping
My brain cells are dying, young women are crying
But I keep on trying, like my man Jack RyanYou see my man is in my face as if he has been drinking
They say that he needs space but I know what he is thinking
We have a common bond the fact we all get lifted
And the rocks that hit our head have left us somewhat giftedIt's the fun lovin criminals out to represent
I know its tough being hard and politically correct
So if grunts from stunts is what you want say, ow
The FLC with the mucho grande styleYou know you cant boom with a bullshit system
And you cant fix a man when hes broke
You know you cant max if you dont pay the tax
And you cant wax the man if you chokeYou know you cant boom with a bullshit system
And you cant fix a man when hes broke
You know you cant max if you dont pay the tax
And you cant wax the man if you chokeYou know you cant boom with a bullshit system
And you cant fix a man when hes broke
You know you cant max if you dont pay the tax
And you cant wax the man if you chokeYou know you cant boom with a bullshit system
And you cant fix a man when hes broke
You know you cant max if you dont pay the tax

And you cant wax the man if you choke
