

# Night Watch

Willie Nelson, Merle Haggard, & Ray Price

On the night like this  
I can't forget your kiss  
Rainy city shines  
Baby in your eyes  
Lost until found  
Demons gather around  
In my head  
And wake the dead  
Turn your lights down low  
Get the darkness in your heart to grow  
Deep in the night  
We are young  
We wanna live fast now  
Deep in the night  
  
We are strong  
Tonight is gonna last now  
On the nights like this  
I miss your touch of bliss  
Rainy city shines  
Baby in your eyes  
Turn your lights down low  
Get the darkness in your heart to grow  
Deep in the night  
We are young  
We wanna live fast now  
Deep in the night  
We are strong  
Tonight is gonna last now  
When the lights go down low  
There's no way to say no
