Another Girl

Jeffrey Lewis

I can give you up, assume me love
I will share you with another girl
I swear this true, I'll do anything
'Cuz the days with your loving was everything
I know about your girl at home
I know everything about you
I know what it's her you're going to
At the end of every night
I can tell you want me
And there's something that you're missing
Other wise we wouldn't be here
Hugging and kissing
He's got the sexy hear, that turns me on
When talking on the phone, I know what's wrong
No I can't resist, the way we kicking it
I just can't leave without him
I can give you up, assume me love
I will share you with another girl
I swear this true, I'll do anything
'Cuz the days with your loving was everything
I can give you up, assume me love
I will share you with another girl
I swear this true, I'll do anything
'Cuz the days with your loving was everything
Everyday I tell myself
That it's time to do the right thing
Gotta walk away before, your baby gets to know
But just as I pick up the phone and I start to dial your number
The Devil on my shoulder says, "Damn it girl, don't let him know"
He's got the sexy hear, that turns me on
When talking on the phone, I know what's wrong
No I can't resist, the way we kicking it
I just can't leave without him
I can give you up, assume me love
I will share you with another girl
I swear this true, I'll do anything
'Cuz the days with your loving was everything
I can give you up, assume my love
I will share you with another girl

I swear this true, I'll do anything
'Cuz the days with your loving was everything
We can go, if you wanna go
We don't have to make a show, never let it show
We can make it if you want, if you really want
I will show you with another girl
We can roll, if you wanna roll
We don't have to make a show, never let it show
We can make it if you want, if you really want
I will show you with another girl
I can give you up, assume my love
I will share you with another girl
I swear this true, I'll do anything
'Cuz the days with your loving was everything
I can give you up, assume my love
I will share you with another girl
I swear this true, I'll do anything
'Cuz the days with your loving was everything
I can give you up, assume my love
I will share you with another girl
I swear this true, I'll do anything
'Cuz the days with your loving was everything
I can give you up, assume my love
I will share you with another girl
I swear this true, I'll do anything
'Cuz the days with your loving was everything
