

Red Handed

There For Tomorrow

Now you've caught me, hey, red handed

Up on the steers, unworthy

(Chorus)

What have I done?

Listing me away

We're all criminals in the eyes of God

Crush our habits with our hands

For the signs

We don't lie

Sing a lie

I see your paw prints coming down

Shattered glass don't make a sound

(Chorus)

What have I done?

Listing me away

We're all criminals in the eyes of God

Crush our habits with our hands

We're all criminals in the eyes of God

Crush our habits with our hands

(Solo)

(Repeat chorus x2)

For the signs!

We don't lie!

Sing a lie!
