

# I'd Be with You

Nick Roes

Loving you â€™s so easy and I donâ€™t know what to do.  
Iâ€™m feeling like I donâ€™t know what Iâ€™m feeling.  
And holding on to youâ€™s so good, when Iâ€™ve been holding on  
To some things that no longer have a meaning.  
In my mind Iâ€™m always with you, â€™cause thereâ€™s nowhere else to go,  
And I love you though I wish it werenâ€™t true.  
And if people got to do the things they always wanted to Iâ€™d be with you.  
Iâ€™d be with you.

And Iâ€™d wake with you every morning and Iâ€™d hold you every night,  
And we could do the things we always wanted to.  
Iâ€™d be with you when you need me; Iâ€™d be with you wrong or right.  
If there were a way that wishes could come true  
Iâ€™d be with you.

Well things donâ€™t always work out like you might expect them to,  
And things are hardly ever as they seem.  
So we keep it just between us â€™cause thereâ€™s nothing else to do.  
Iâ€™ll smile at you and youâ€™ll know what I mean.  
And nothing is as simple as you thought that it might be;  
Things never end up like you want them to.  
If the world were only different, if wishes could come true Iâ€™d be with you.  
Iâ€™d be with you.

And Iâ€™d wake with you every morning and Iâ€™d hold you every night,  
And we could do the things we always wanted to.  
Iâ€™d be with you when you need me; Iâ€™d be with you wrong or right.  
If there were a way that wishes could come true  
Iâ€™d be with you.
