

Victim

Devin Townsend

How many times is it happening?
Everything is happening
It happens right now
How many lives is it threatening?
Every life is deep within
It threatens right now I'm ready to go, I feel it
I'm ready to go, I feel it I'm so alive! I'm a spaceship superstar How many times is it violent
Everything is so violent
It's violent right now
Everything is the same! You cannot hurt me I'm ready to go, I feel it
I'm ready to go, I feel it I'm a spaceship superstar
