

# So This Is Goodbye

William Fitzsimmons

So this is goodbye  
No need to lie;  
This creature of pain  
Has found me again.  
So this is goodbye,  
So this is farewell,  
The fight's final bell

And I fall where I stand  
So give your last hand  
'cause this is goodbye.  
Tonight it's goodbye  
Now I know why  
Our love's lost in the rough  
And I've had enough,  
So this is goodbye
