Inside Job

Pearl Jam

Underneath this smile lies everything
All my hopes and anger, pride and shame
I make myself a pact not to shut doors on the past
Just for today, I am free

I'll not lose my faith
Its an Inside Job today
I know this one well

I used to try to kill love, it was the highest sin
Breathing insecurity, out and in
Searching, hope I'm shown the way
To run straight, assuming the greater way for all human life

I choose to feel, its how I am
I choose to feel, its how I am
I'll not lose my faith, its an Inside Job today
Oh, holdin on, the light of night
On my knees to rise and face my broken soul again

Let me run into the rain to be a human light again
Let me run into the rain to shine a human light today
Oh life comes from within your heart and desire
Oh life comes from within my heart and desire
Oh life comes from within your heart and desire
