Playa Hate'n

U.N.L.V.

Chorus: {tec-9}Why is everybody player hate'n me

I guess it 'cause, i'm ballin' in that u.p.t.

It's the incredible, un-takeable t-e-c and

A lot of you nigga's wanna be like me

Why is everybody player hate'n me

I guess it 'cause, i'm ballin' in that u.p.t.

It's the incredible, un-takeable t-e-c and

A lot of you nigga's wanna be like meVerse one: {tec-9}I be the rock-rowler nigga you be the puppy

Hittin' at'cha, spittin' at'cha nigga

You better not let me catch'cha

Now who slipped and left the fuckin' gate's open

I'm on the outside waitin' scopin' out opportunity's

To make a motherfuckin' million is this industry and

I know you recognize I'm threatin' to shut 'em down

Strike 'em down like lightin' it's quite excitin'

To be the player that I be once again call me

The capital t-e-c pimpin' hoes tighter then a nigga

Rollin' opitomes, so won't ya holla if ya see me nigga

Don't knock me, just watch me, as I rise to the top

Black connection nigga, and I be slangin' all night

Sleepin' all day, can't figure out how I turned out that way

I hang around slanger's gang banger's rapper's and kidnapper's

Now why is everybody playa hate'n me

Ski mask's passin' me by so why should I try

If I'm not strapped with my automatic ak

Anyway, I'm a spray when I hit the cornerChorusVerse two: {tec-9}Got four across the top, nigga all gold's

Ya see, bitches come a fuckin' dime a dozen

They see me chillin' with the wife, and

Start the trouble, but on the double

I'll bust a bubble, break a neck, chin check

To get respect, like that y'all

Yeah, I'm rollin' by kind of high in a

Candy shaw, got connects with the mob

Bill's payed up front, black connection's

Givin' a party you got's to bring yo own blunt

I wonder if I'm a last to the end of time

Or will my face end up on tee shirt's

My family cryin' with all this playa hate'n goin'

On in this world today, who's real who's not

Nobody's safe to say, I see some nigga's
Who claim to be down, but ain't really down
'cause when you down, them motherfucker's stop comin' around
So I'm a stick to the g-code,

Don't change the nigga's that you came up with Them the real nigga's,

The bigger nigga's that you hang with and slang with

Try'na find a way to come up on a few key's

Try'na find a way to come up on a few gee'sChorus: {tec-9}Why is everybody player hate'n me I guess it 'cause, i'm ballin' in that u.p.t.

It's the incredible, un-takeable t-e-c and

A lot of you nigga's wanna be like meVerse three: {tec-9}Got a back yard full of nigga's screamin'

Let me go, but I don't think so

Because you know I'm the bounty hunter,

Bounty hunter comin' to get'cha,

The shit that I be carryin' straight up split'cha

I propolize the situation keep on thuggin'

Tellin' me you think I'm all that, but I'm just hustlin'

Comin' up in the game, steady fillin' up my cocaine

I fuck with real nigga's we live, you die

I often dream of straight makin' it

You got's to be about them dollar's ain't no fakin' it

Break out the bacon soda, break out the cola

Whip it for a hour, bring it back like a boulder

It's time for distribution, fuckin' confusion

Closin' my competition shop down

Yo look for me, or you get struck down

Ain't no goin' down my attitude is straight rude

When I was lookin' out for us, you was lookin' out for you

My enemies are around me, and in my face

They got my crossed out and locked down in that place

But I'll be back and down for an 187, it get's the job done

Because I brought my mock-11, fully automatic

Prepare to handle static, rat-a-tatta

Won't y'all look at all these nigga's scatter

Before I let the bullet's go, I watch the nigga break

To his knee's and cry just like a hoe

{bitch ass nigga}Chorus{tec-9 talkin'}Spit my rhymes all around and y'all sang my shit

Say yella, them fool's wasn't ready for that huh

Yeah, 'cause I'm ballin' in that u.p.t.

Ride out with that shit

It's the incredible, un-takeable t-e-c and

A lot of you nigga's wanna be like me

Spit my rhymes all around and y'all sang my shit

Spit my rhymes all around and y'all sang my shit

Switch my rhymes all around and say that shit
Now why is everybody playa hate'n me
I guess it 'cause I'm ballin' in that u.p.t.
It's the incredible, un-takeable t-e-c and
A lot of you nigga's wanna be like me
Why's everybody playa hate'n me
