

Tamed by the Strong

A Telemetry

a fence around most
trapped within a zoo
the cover so tight
strangled till one's blue

unlimited
all are wrapped in grief
no ceiling or relief

run fast
and never leave the spot
push harder
all energy is lost

tamed by the strong
tamed by the strong
tamed by a strength
that can't let go

a blizzard set forth
unrelenting snow
it suffocates a wish
gail force wind to blow

delegated to
a mindless field
no relation or yield

think quick
an answer slips away
roll over
get whipped on everyday

tamed by the strong
tamed by the strong
tamed by a strength
that can't let go

to move - on hold

no fight - just fold

tamed by the strong
tamed by the strong
tamed by a strength
that can't let go
