Happy Birthday

Ryan Adams

I told everybody I was late
But I was hiding in the back
Hiding in the back, my hands, they shake
Happy birthday, I'm your birthday cake
And I'm lit and I'm late
And I'm tired, I tried to escape
From the fact that I'm tied
I was wrong, you were right
I was wrong, you were right
Happy birthday
I told everybody I was clean
But I had clouds in my bath
Listenin' to music, reading poetry
Nodding off and nearly drownin' myself
But it's clear, you're clearly upset
Wanna smoke, my smokes are all wet
I've got two and both of them lit
Happy birthday
Happy birthday
Happy birthday
Happy birthday
Happy birthday
I'm your birthday cake and I'm lit
