

I Don't Wanna Cry

[Eva Avila](#)

Can't believe I'm strung out
Sitting in this lonely place
When all I can remember

Is the sound of the door when you left me here
Can't believe you've run out
You used to be the only face that I'd need to turn to
When times got rough you'd come and pick me up

Now look how we've both changed, I'm wonderin', why?
What happened to those days when you cherished me?
Damned if I let 'em try to embarrass me
I don't wanna cry, I don't wanna cry no more

I don't wanna cry no more, I don't wanna cry no more
What happened to those promises you made to me?
I'm so sick and tired

That I don't wanna cry, I don't wanna cry no more
I don't wanna cry no more, I don't wanna cry no more
Watching all these raindrops fall against my windowpane

Remembering the teardrops that stained my face
And every corner of this place just reminds me

That I need the pain to stop
You used to be my everything
Only to have you cop out, put me on a shelf
But I can do that all by myself

And now it's too late
Try to run that game you're playin'
Then you leave when you say you're stayin'

Hard on my heart so endlessly
This empty grave I'm layin' losin' a part of me
We used to be whole
Pick up the pieces, they belong to my soul
