We Have All The Time In The World

Alfie Boe

We have all the time in the world
Time enough for life to unfold
All the precious things love has in storeWe have all the love in the world
If that's all we have, you will find
We need nothing moreEvery step of the way will find us
With the cares of the world far behind usWe have all the time in the world
Just for love, nothing more
Nothing less, only loveEvery step of the way will find us
With the cares of the world far behind usWe have all the time in the world
Just for love, nothing more
Nothing less, only love
