

# It's All Over Now

Saosin

Leave, go on and leave, you said  
"Turn and walk away, life's not worth it anymore"  
You stop shaking and you slowly faded away  
Now you're lying on the floor I can't hear your heart beating anymore, no  
I can't hear your heart beating anymore, no It's all over now  
What am I gonna do with all this time  
I've set aside for you? No, I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know you were all alone Gone, memories gone, I know I was the one  
Who was ignoring you for way too long  
I hope while sleeping, I know that if you're finding solid ground  
You'll know everything is, everything is sound I can't hear your heart beating anymore now  
(Everything is sound)  
I can't hear your heart beating anymore now It's all over now  
What am I gonna do with all this time  
I've set aside for you? No, I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know you were all alone Maybe someday I can meet you there It's all over now  
What am I gonna do?  
What am I gonna do? It's all over now  
What am I gonna do with all this time  
I've set aside for you? No, I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know No, I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know you were all alone
