

# Please Don't Go

## Immature

Baby please don't go  
Please don't go  
Stay right by my side  
By my side  
Baby please don't go  
Please don't go  
Stay right by my side  
By my side Rainy days bring back memories of you  
And I will never lie  
I want you by my side  
Thinking of you  
Makes me not want you to go  
Please stay, stay with me Baby please don't go  
Please don't go  
Stay right by my side  
By my side  
Baby please don't go  
Please don't go  
Stay right by my side  
By my side Oh I can't face the fact  
That I want you in my life  
Don't go my love I'll show  
My heart I send to you  
You are my friend  
Don't leave I'll do anything you need Rainy days brings back memories  
Rainy days brings back memories  
Rainy days brings back memories of you  
Rainy days, rainy days brings back memories  
Rainy days brings back memories  
Rainy days, brings back memories of you  
Rainy days I think of you Oh, baby please don't go, please don't go  
Stay right by my side, stay by my side, by my side  
Baby please don't go, please don't go  
Stay right by my side, you're in my life, by my side  
Oh yeah  
Rain Rainy days, you, you, you, you  
Please don't go  
Please don't go  
Rainy days, you, you, you, you

Stay right by my side  
RainStay right by my side  
Please don't go  
Rainy days, you, you, you, you  
Stay right by my side, by my side, in my life  
Baby please don't go, please don't go, please stayI need you back in my life  
Oh ya, by my side, oh ya  
Don't go, baby please don't go  
No, no, no, I want you back in my life, here  
Please don't go, please don't go  
Please don't go, please don't go
