Please Don't Go

Immature

Baby please don't go
Please don't go
Stay right by my side
By my side
Baby please don't go
Please don't go

Stay right by my side

By my sideRainy days bring back memories of you

And I will never lie

I want you by my side

Thinking of you

Makes me not want you to go

Please stay, stay with meBaby please don't go

Please don't go

Stay right by my side

By my side

Baby please don't go

Please don't go

Stay right by my side

By my sideOh I can't face the fact

That I want you in my life

Don't go my love I'll show

My heart I send to you

You are my friend

Don't leave I'll do anything you needRainy days brings back memories

Rainy days brings back memories

Rainy days brings back memories of you

Rainy days, rainy days brings back memories

Rainy days brings back memories

Rainy days, brings back memories of you

Rainy days I think of youOh, baby please don't go, please don't go

Stay right by my side, stay by my side, by my side

Baby please don't go, please don't go

Stay right by my side, you're in my life, by my side

Oh yeah

RainRainy days, you, you, you, you

Please don't go

Please don't go

Rainy days, you, you, you, you

Stay right by my side RainStay right by my side Please don't go

Rainy days, you, you, you, you
Stay right by my side, by my side, in my life
Baby please don't go, please stayI need you back in my life
Oh ya, by my side, oh ya
Don't go, baby please don't go
No, no, no, I want you back in my life, here
Please don't go, please don't go
Please don't go, please don't go
Don't run away, back in my life, baby
