Tangent Tears

Mr. Mister

Through all the ragged truth, you left one poignant lie
A nice series of words for goodbye
Who's playin' on your team, he has a certain flair
'Cos I don't see you around anywhereI cry when you're not here, I keep cryin' tangent tears, oh
Ooh yeah, cryin' tangent tearsI'm stuck on interphase, my heart does not forget
Checking out at this point is no sweat
Chill factor number nine, you made my heart go blind
You act so cold but you still look so fineI cry when you're not here, I keep cryin' tangent tears, ooh
I cry when you're not here, everything I see reminds me
I'm cryin' tangent tearsI cry when you're not here, I keep cryin' tangent tears, cry tanase yeah
I'm cryin' tangent tears, everything I see reminds me
I'm cryin' tangent tears
I cry when you're not here, ooh, I keep cryin' tangent tears, ohh
I cry when you're not here
