Tangent Tears

Mr. Mister

Through all the ragged truth, you left one poignant lie

A nice series of words for goodbye

Who's playin' on your team, he has a certain flair

'Cos I don't see you around anywhereI cry when you're not here, I keep cryin' tangent tears, oh

Ooh yeah, cryin' tangent tearsI'm stuck on interphase, my heart does not forget

Checking out at this point is no sweat

Chill factor number nine, you made my heart go blind

You act so cold but you still look so fineI cry when you're not here, I keep cryin' tangent tears, ooh

I cry when you're not here, everything I see reminds me

I'm cryin' tangent tears, cry tanase yeah

I'm cryin' tangent tears, everything I see reminds me

I'm cryin' tangent tears

I cry when you're not here, ooh, I keep cryin' tangent tears, ohh

I cry when you're not here
