This Time

Lullacry

You knew this day would come
You are not the only one
The world will be the same when you're gone
The way you look at me
Is full of disbelief
You never wanted me to be there for you
How does it feel
No one to lean on
And hey let me tell youThis time no one to save you
This time you're going down for good
This time no one to save you
This time you're going down aloneYour place in my mercy seat
Disappears in a heartbeat
That's the only thing you can count on
Can you see the tables turn
All the hate I will return
You can never wipe this smile off my face
