

Deepr N Lov

Dufus

Today...

Today...

Today Iâ€™m falling deeper in love with you, canâ€™t you feel how deep it goes...

And wind is rushing through my hair and ripping through my clothes.

Canâ€™t you feel it my dear how deep this love goes... how deep it goes?

Today I make a promise to you to keep it real and for you I will do most anything... anything I have to do.

Today Iâ€™m falling deeper in love with you.

Today...

Today...

Today...

Rest now your eyes, you're needing your sleep. Iâ€™ll lay awake protecting you, darling you from harm.

Trust in me though your tears will fade away you're in my arms protected.

Today Iâ€™m falling deeper in love with you.

Today Iâ€™m falling deeper in love.

The waves are crashing over shore my love.

The sun is blazing, burns a hole through my eyes in which I can see only you.

Today Iâ€™m falling deeper in love... with you.

Deeper in love... with you.

Deeper in love... with you.

The leaves are changing from green to brown.
