Just Like Brad

Guttural Riot

Mi gusta mi metal mi gusta punk rock!!!

If you fuck with my bulldog yeah you will get shot, people talk their shit cause I do just what I want, won't listen to no hater cause lovin's what I got!

I know one day I'll pay for the things I've done, don't regret the mistakes I made when I was young cause if it wasn't for that darkness I would've never felt the sun!

People say I'll end up just like brad, fucked around lost everything I've had, they say I'll wind up dead if I keep livin how I am!!

September 6 1988, yeah you know I was born to misbehave, never listened to a word they'd say, always learned my lessons the wrong way!!!

I seem to think I need a girl around, a ruca to hold me tight caress me down, yeah I'll bust a cap in any sancho she may find, people need to know no to fuck with what is mine!

People say I'll end up just like brad, fucked around lost everything I've had, they say I'll wind up dead if I keep livin how I am!!

But if I die today I know I did the best I can, love your friends, love your fam and never trust the man

Yeah I've been in love and I've lost the ones I've loved, yeah I've been to jail yeah I've been in hand cuffs, I've had guns in my face, I've had the cops kick my ass, yet I keep cruisin on don't give a fuck about the past!!!

People say I'll end up just like brad, fucked around lost everything I've had, they say I'll wind up dead if I keep livin how I am!!

Mi gusta mi metal, mi gusta punk rock!!!! Blah!!
