Man of Stone

Husky Rescue

All these bitter 'round Their fear of own conquered

See them trying to run away

Justice dayAll the people fly

With magic in their eyes

See them trying to get away

Justice dayHold tight

Man of stone

Stay close

Close to my sideDon't breathe

Man of stone

Stay close

Close to my sideMary go around

It's been surrounded numbed

Used 'till then

How much's tear without soundAll the people rage

With hunger in their eyes

See them try to get away

Justice dayHold tight

Man of stone

Stay close

Close to my sideDon't breathe

Man of stone

Stay close

Close to my sideChildren come to ask

Why do I wear a mask

Is it true that I'm due to statueLife is quite a full and answer to recall

And I say it [?]

Not at allHold tight

Man of stone

Stay close

Close to my sideDon't breathe

Man of stone

Stay close

Close to my sideHold tight

Man of stone

Stay close

Close to my sideDon't breathe

Man of stone

Stay close Close to my side
