Wild Animal

Running Wild

You say I'm boisterous and evil
There's a demon in my eyes
You say I'm praying to the dark prince
'The Lord of the Flies'Try hard to defame me,
'Cos your power doesn't work on me
Your self-created blindness
Turns your heart to stone before it ever starts to feelThe youth is what I'm living
The wildness what I pray
I don't need no religion
To lead me on my wayI don't need politicians
To tell me wrong or right
Cos everything is transient
And the treasury of life's so rich and it waits for meLike a wild animal
I follow my heart like it beats
Like a wild animal
The mighty urge to be free to live the life I wantLike a wild animal
Wildness leads my way
Like a wild animal
As long as I follow my nature, I'll never go astrayLiving
Follow your heart on its way
Dying
Deny your heart and you'll payThe church is praying moral
They say this piece of gum it kills
They build up funeral pyres
They burn people for their thrillsThey falsified the Bible
For the power and the gain
I never fawn on liars
The way they're gonna treat me if they wanna stab my backLike a wild animal
I follow my heart like it beats
Like a wild animal
The mighty urge to be free to live the life I wantLike a wild animal
Wildness leads my way
Like a wild animal
As long as I follow my nature, I'll never go astrayI'm a wild animal
