

Supernatural (original Arms House Mix)

Madonna

Made your acquaintance late one night
You were floating around, you know you gave me quite a fright
You didn't seem like an ordinary man, more like a ray of light
You transcendently imposed yourself upon my bed
You know you didn't say very much
Im out of body and I feel so good in my head
You know Im really quite touched
I wake up with your fragrance and its all over me
What cologne do you wear? I walk around with a smile on my face
'Cause youre close to me, well I know youre somewhere
Gonna take my chance on a different kind of romance
A supernatural thing, gonna have my fill
It gives me such a big thrill to be with a supernatural thing[Unverified]
And Id say that your skills as a lover are very refined
You know just what I want and I dont have to ask
Are you reading my mind? Youre not demanding for a man, thats really quite rare
Youre not the least bit obsessed with your hair
Youre not upset when I come home later than ten
For a ghost youre a very good friend
I've got to be a very careful, never know what the neighbors would say
They already think Im crazy, I wouldn't like to wake up
And find myself in the family way, a ghost baby
Gonna take my chance on a different kind of romance
A supernatural thing, gonna have my fill
It gives me such a big thrill to be with a supernatural thing
I cant see you, so hot, I know youre out there
You little rascal, stop that
I've got to be a very careful, never know what the neighbors would say
They already think Im crazy, I wouldn't like to wake up
And find myself in the family way, a ghost baby
Gonna take my chance on a different kind of romance
A supernatural thing, gonna have my fill
It gives me such a big thrill to be with a supernatural thing
Gonna take my pants off for a different kind of romance
That super-duper naturally big thing, its outrageously large
Super-duper, supernatural, so hot, so hot, supernatural
