Lucky Now (Live In Malmo)

Ryan Adams

I don't remember, were we wild and young
All that's faded into memory
I feel like somebody I don't know
Are we really who we used to be
Am I really who I wasThe lights will draw you in
And the dark will bring you down
And the night will break your heart
Only if you're lucky nowWaiting outside while you find your keys
Like bags of trash in the blackening snow
City of neon and toes that freeze
We got nothing and nowhere to go
We got nothing and nowhereThe lights will draw you in
And the dark will take you down
And the night will break your heart
Only if you're lucky nowIf the lights draw you in
And the dark can take you down
Then love can mend your heart
But only if you're lucky nowI don't remember, were we wild and young
All that's faded into memory
I feel like somebody I don't know
Are we really who we used to be
Am I really who I was
