

# Masai Boy

## Toyah

(Words Willcox/Music Willcox, Lee)

Rise o sun  
Rise o sun  
Golden one  
God of our horizon  
God's eye. Volcano cry.  
Warrior. You're a Masai.  
Africa  
Africa  
Africa  
Africa  
Spear your joy  
Spear your joy  
Masai Warboy  
Manhood. You must kill the boar  
Be a warrior. As your elders before  
Painted loins. Africa  
Seeking the spirit of adventure  
Dye your hair  
Paint your skin  
Sacrifice  
The youth of your skin  
Run to the sun  
Run to the sun  
Run to the sun  
Run to the sun  
Exhaustion  
Exhaustion  
Exhaustion  
Exhaustion  
Your body's screaming  
Your body's screaming  
Masai boy  
You're a warrior  
MARIONETTE

-----

(Words Willcox/Music Bogen)

Twisted strangers  
Have gone to war

Oxygen drunk  
Fall bleeding to the floor  
Glass eyed creatures  
Fragmented features  
Piecing together  
Fallen warriors  
    revolution  
For the maiden queen  
    Sherwood Forest  
Or an African scene  
    The Marionette  
She has velvet claws  
She pulls the strings  
In this city of whores  
The Marionette pulls the strings  
    You say yes  
    You bend, she wins  
The Marionette pulls the strings  
    Pulls and pulls  
Til your spirit gives in  
    Grueling hot sweat  
In the land of a whore  
    will this be war  
    will this be war  
The knave and the pawn  
    Ripen the whore  
    With bastard sons  
    her brats of law  
The hawk and the falcon  
Swoop to blind their eyes  
    The reaper she laughs  
    She chokes she cries  
The Marionette pulls the strings  
    You say yes  
    You bend, she wins  
The Marionette pulls the strings  
    Pulls and pulls  
Til your spirit gives in  
    Foaming white horses  
    Cracking their sinews  
For the Maidens of Troy  
    The bell tower falls  
    Pouring to the floor  
Whoa, love and death, a climax all in all  
    Medieval shores and madrigals

Her velvet claws pull you with passion  
to her floor  
In the cathedral  
Her children sing  
In the cathedral  
The pendulum swings  
The Marionette pulls the strings  
You say yes  
You bend, she wins  
The Marionette pulls the strings  
Pulls and pulls  
Til your spirit gives in
