Because Of You

C2C

Because of you
I'm never alone
I walked on the streets
And I peaked on my own

Because of you
The day was brighter
The clouds ride away
And you're lifting me higher

OK OK OK OK
Poppin like they'll never know
Hoppin on the train to go
Wherever whenever things is
falling in line like dominos

Typing like I'm Kerouac
Know exactly where I'm at
Found my purpose in this circus
Of bona fide brainiac

Gettin it in is no problem
Spittin the pen as hot lava
Let us again there's no need to pretend
I'd let it go but it turns out awesome

Me without you ain't workin
Gotta be together and that's for certain
Grab my hand, get in the van
And close the curtain

[because of you (2x)]

OK come on now
Good good (x times)

I think I fell in love
She fell for dirty dove
I'm used to drinkin with the boys

and makin noise in clubs

And now we push and shove
hope she don't walk away
Here come the clouds
I think I smell rain

There's no turning back from here
Can't you see we're almost there
Travel miles across the sea
All define the road to me

Ow my love, my love don't go
Nothing's out there you should know
Hit the bottom without you
To finally know it's true

[because of you...]
