

Know How

Kings of Convenience

Riding on this know-how, never been here before
Peculiarly entrusted, possibly that's all
Is history recorded? Does someone have a tape?
Surely, I'm no pioneer, constellations stay the same
Just a little bit of danger when intriguingly
Our little secret trusts that you trust me
'Cause no one will ever know, that this was happening
So tell me why you listen, when nobody's talking
What is there to know? All this is what it is
You and me alone, sheer simplicity
What is there to know? All this is what it is
You and me alone, sheer simplicity
What is there to know? All this is what it is
You and me alone, sheer simplicity
