

# Now Generation

## Black Eyed Peas

We are the now generation  
We are the generation now  
This is the now generation  
This is the generation now I want money  
I want it, want it, want it  
Fast internet  
Stay connected in a jet  
Wifi, podcasts, blasting out an SMS  
Text me, I'll text you back  
Check me on that iChat  
I'm all about that HTPC  
Your a Pc, I'm a Mac I, want it,  
Myspace in your space  
Facebook is that new place  
Dip, divin' socializing,  
I'll be out in cyberspace Google is my professor  
Wikipedia the checker  
Checking my account  
Logging in and logging out Baby, I, want it now  
This is the now generation  
This is the generation now  
We are the now generation  
I, I want, I want it now  
I, want the, cold hard cash  
I, I want, I want it now And I just can't wait,  
I need it immediately  
And I just can't wait,  
I want it immediately  
Cause time can't wait then I sure can't wait  
I ain't got no patience I sure can't wait  
Not today We are the now generation  
We are the generation now  
This is the now generation  
This is the generation now  
I want money  
I want cold hard cash I'll take your dollar and your Euro  
And go have a blast  
So take your debt, and your credit  
And stick it up your ass, and do it now I want it now

Big money, give me mo money  
I want it now  
I need cash, oh I need it bad  
I want it now  
Quick in a hurry,  
Like your name was Flash  
I want it now  
You make me wait?  
And Ima whip your ass  
I want it now  
I want it now baby (now)  
I, I want, I want it now Fast, rapido  
Really quick like torpedo  
Need for speed is my credo  
You need to feed this negrito  
Sender, buyer, brother boat  
Wrap it like a thunderbolt  
Activate it, rock the vote  
Just ask Barack, who brought the hope  
To now  
It was a now generation And I just can't wait,  
I need it immediately  
And I just can't wait,  
I want it immediately  
Cause time can't wait then I sure can't wait  
I ain't got no patience no I just can't wait  
Not today Expedite  
No time for procrastination  
Expedite  
Improve the situation
