

Wrong

Kalan Porter

Heaven knows what was in my head
But I guess it all came out
Cant believe I said what I just said
Tell me whats it all about You know I dont mean to hurt you
And I just wanna tell you that I Dont wanna wait until tomorrow
Dont wanna wake and find you gone
Dont wanna waste a day cause I know
Sorry always takes too long
Baby, I was wrong Before I let this sinking ship go down
And I watch you swim away
Let me take my foot out of my mouth
Let me try again to say That I dont wanna hurt you
And I dont wanna
Dont wanna Dont wanna wait until tomorrow
Dont wanna wake and find you gone
Dont wanna waste a day 'cause I know
Sorry always takes too long
Baby, I was wrong
Baby, I was wrong
Baby, I was wrong And I dont wanna hurt you
And I dont wanna
Dont wanna Dont wanna wait until tomorrow
Dont wanna wake and find you gone
Dont wanna waste a day cause I know
Sorry always takes too long
Sorry always takes too long
Baby I was wrong
