

Amor Volat

Qntal

Amor volat undique;
captus est libidine.
iuvenes iuencule
que secuntur merito,
si que sine socio.

Amor tenet omnia,
mutat cordis intima,
querit Amor devia.
Amor melle dulcior,
felle fit amarior

Amor simplex, callidus;
rufus Amor, pallidus;
truculens in omnibus,
Amor est placabilis,
constans et instabilis,
Amor regit iuvenes,
Amor capit virgines.

Frigidus et calidus
numquam tibi socius!
dormit dolens sepius
in natura frigidus;
nichil tibi vilius.
