

# Echo

## Gorilla Zoe

Echo

You did it to yourself  
Now you're all by yourself  
Acting like you hate me  
I left because you made me  
You played me to the left  
Now there's nobody left  
To hear your complaining  
I'm gone and all you hearing is your own

Echo, e-e-echo

And I'm gone and you're all alone

Can't you hear the

Echo, e-e-echo?

No one to hear you

There's nobody near you

It started off great but who was to know

That love that is lost, cannot be let go?

You say it's my fault, okay, then I'll go

It's better to know

Now there's nobody to argue with

'Cause I'm not home

Don't care who you're with

Don't call my phone

Or did you forget

You know you're wrong?

I'm gone and you're all alone

Hearing your own damn

Echo, e-e-echo

And I'm gone and you're all alone

Can't you hear the

Echo, e-e-echo?

Nobody near you

There's no one to hear you

Disgusted with trust

I'll trust no one no more

Just went with the flow

Found myself on the floor

When you went away

All my pain went astray

Like it's a new day  
Now I have no one to argue with  
'Cause I'm not home  
Don't care who you're with  
Don't call my phone  
Or did you forget?  
You know you're wrong  
I'm gone and you're all alone  
Hearing your own, damn  
Echo  
Hearing your own, damn echo  
No one is near you  
No one can hear you  
It's your own damn  
Echo, e-e-echo  
No one to hear you  
There's nobody near you  
All night long, I thought to myself  
Why would I stay with you?  
Realized that you were the one who had issues  
So why would I miss you?  
To argue with 'cause I'm not home  
Don't care who you're with  
Don't call my phone  
Or did you forget?  
You know you're wrong  
I'm gone and you're all alone  
Hearing your own damn  
Echo  
It's just you and your e-e-echo  
It's just you and your  
I hope you're talking alone  
It's just you and your echo  
It's just you and your e-e-echo  
There's no one to hear you  
There's nobody near you  
Just your own damn echo  
Your own damn e-e-echo  
Echo, e-echo  
Echo, e-e-echo, echo, e-echo  
To argue with 'cause I'm not home  
Don't care who you're with  
Don't call my phone  
Or did you forget?  
You know you're wrong

I'm gone
