

Kiss Me Anyway

Steve Wariner

Here you come, rolling off the highway
With a smile and a wave
And you put your arms around me
Like you left here yesterday
The last time you flew, I said we were through
But now that you're standing here, I melt into you Oh, I've been missing you, dreaming of kissing you
I think that you go, so I will beg you to stay
It's an addiction, a hopeless affliction
I love you, I hate you but hey, kiss me anyway I'm good at forgetting all about you
For weeks at a time
Just when I think I can live without you
You come back in my life
I should tell you no, turn around and go
But all I can think of is holding you close Oh, I've been missing you, dreaming of kissing you
I think that you go, so I will beg you to stay
It's an addiction, a hopeless affliction
I love you, I hate you but hey, kiss me anyway The passion, the power
So intoxicating
When you spin your web
There's no escaping Oh, I've been missing you, dreaming of kissing you
I think that you go, so I will beg you to stay
It's an addiction, a hopeless affliction
I love you, I hate you but hey, kiss me anyway
