

I'm Waiting Just for You

Wanda Jackson

You had to leave me all by myself, dear
And I've been crying the whole night through
But I've been telling everybody
I'm waiting just for you Your friends are trying so hard to tempt me
There's no use trying 'cause I'll be true
And darling, you don't have to worry
Nobody else will do I know this waiting can drive me crazy
Don't mind this waiting, it's nothing new
For I'll be telling everybody
I'm waiting just for you Maybe a long time before I see you
So we can do what we used to do
But I'll be telling everybody
I'm waiting just for you
