

# Let You Go

## The Rocket Summer

Advisory - the following lyrics contain explicit language:

I didn't know, somebody surprised me  
Alarmed, alarmed  
Somebody has made it  
This far, this far I don't wanna let you go  
I don't wanna let you go  
You know it's so, it's so hard I don't wanna let you go  
I don't wanna let you go  
'Cause it's far, to far And if somebody tells you  
You're not enough  
If somebody tells you  
You're not good enough If somebody tells you this  
It isn't just  
Yes, I'm burning up  
And I'm calling all the bluffs and I don't wanna let you go  
But if the weather changes, I can't mind  
And I don't wanna give you up  
But I just might this time Hope the new grass you seek  
Is greener than the greenest green  
And if it's not or if it is, I just hope you'll be  
At peace, at least, at least, goodbye So go ahead  
Compare the petty issues  
To all the awesome days  
Somebody is waiting  
Too long to stay awake I don't wanna let you go  
I don't wanna let you go  
You know it's so, it's so hard I don't wanna let you go  
I don't wanna let you go  
'Cause it's far, to far And if somebody tells you  
You're not enough  
If somebody tells you  
You're not good enough If somebody tells you this  
It isn't just

Yes, I'm burning up  
And I'm calling all the bluffsI don't wanna let you go  
But if the weather changes, I can't mind  
And I don't wanna give you up  
But I just might this timeHope the new grass you seek  
Is greener than the greenest green  
And if it's not or if it is, I just hope you'll beThere is a beautiful ending  
But you're never gonna read the book  
I know you won't, I know you won'tThere's a magical ending  
But you're never gonna read the book  
I know you won't, I know you won'tAnd I don't wanna let you go  
But if the weather changes, I can't mind  
And I don't wanna give you up  
But I just might this timeHope the new grass you seek  
Is greener than the greenest green  
And if it's not or if it is, I just hope you'll be  
At peaceWalk away, I know it hurts  
Don't be afraid and know your worth  
Just walk away, I know it hurts
