

Ska Music

The Skankaroos

Come on you have to get
onto the dance floor
Ska is the music, you came
here to enjoy far
Keep your body skanking we
like playing loud
Get you knees onto the
floor, step right out !

Don't tell us you have lost
your brand new dancing
Ska is the rhythm you have
to dance to even you've got
the blues

From north to South,
from East to West
From head to toe you feel that
THIS IS SKA

Ska music on the floor get
up and dance we go on
And we face some more
SKA SKA

Don't you stop on dancing,
the drums are kicking hard
Homes are freaking out
tonight, they blow until
they start
Feel your body working,
sweating and hot
Oh, you're pretty, jetzt,
some on take what you've
got !

Don't tell us you can't feel
it, we'll take it through your
vain
Ska is the rhythm and you

have to dance, if the blues
reminds

From north to South,
from East to West
From head to toe you feel that
THIS IS SKA

Ska music on the floor get
up and dance we go on
And we face some more
SKA SKA

SKA music, is what we are
here for, yes we are
Is what we, we are here
for !

Ska music on the floor get
up and dance we go on
And we face some more
SKA SKA

We are pushing fire
We are pushing flame
Burning on the front door
Until the fire stop the rain

Ska music on the floor get
(we are pushing fire)
And we face some more
SKA SKA
