Get It Right

Fantasia

Alright,
I said then
Are y'all ready to party with me? (Yeah)
Uh no
I mean when I say party, I want us to really go there
Are you ready to go there? (Yeah)
Here we go.Give me what I want,
Somebody has gone, to keep on doing it wrong
Before you know it, you'll be sleeping alone.
'Cause you've been slipping lately
Off this shit I'm taking, you must have bumped your head
If you think that I'mma keep going through this.We're spinning round and round
Like a broken record, don't you tune me out
It's the last time I'm telling you.
You think I'm so predictable
Just read my mind and you would know
That you're running out of time
So you'd better get, get, get, get it right.You wouldn't know what to do with your life
Without me you couldn't even know your left from your right.
You say you don't care about me
But we know you'll be right back, begging for me.
I give up then you will be losing
With your lies and you're always cruising
Tired of all empty promises,
Making me sick from spinningRound and round
Like a broken record, don't you tune me out
It's the last time I'm telling you.
You think I'm so predictable
Just read my mind and you would know
That you're running out of time
So you'd better get, get, get, get it right.Alright, give the drummers somethin'
I said give the motherfuckin' drummers somethin'
Hey, alright alright alright alright alright alright alrightWe spinning round and round
Like a broken record, don't you tune me out
It's the last time I'm telling you.
You think I'm so predictable
Just read my mind and you would know
That you're running out of time
So you'd better get, get, get, get it right.Round and round

Like a broken record, don't you tune me out
It's the last time I'm telling you.
You think I'm so predictable
Just read my mind and you would know
That you're running out of time
So you'd better get, get, get, get it right.Uh,
You better get it right, baby
Because you're running out of time
And you'll wastin'
My timeAnd all that
Get
