

# File 13

## Strings

I sleep until there is no light  
I'm wide awake all through the night  
Diner may suck but I'll take a bite  
I do whatever I canMy muscles stiffen through the day  
Discomfort never goes away  
Why don't you just throw me away  
I feel like a garbage canThrow me away  
(Throw me)  
I've got no use  
Throw me away  
(Throw me)I'm nothing to lose  
Throw me away  
(Throw me)  
I feel like shit  
I am uselessI know I know nothing at all  
I'd take stand but I know I'd fall  
I'd run head-down into a wall  
And watch my blood run fasterGirls laugh and pass me on the street  
I spook out everyone I meet  
I've got pink toenails on my feet  
I'm such a fucking masterThrow me away  
(Throw me)  
I've got no use  
Throw me away  
(Throw me)I'm nothing to lose  
Throw me away  
(Throw me)  
I feel like shit  
I am uselessI never seem to feel well  
I always seem to look like hell  
It seems like everyone can tell  
My mind is going numbMy mom thinks I wear women's clothes  
I get dogged on at all the shows  
It seems that everybody knows  
I look like a fucking bumThrow me away  
(Throw me)  
I've got no use  
Throw me away  
(Throw me)I'm nothing to lose

Throw me away  
(Throw me)  
I feel like shit  
I am useless
