

Through The Bottom of the Glass

The Seldom Scene

She's off misbehaving with him not with me
A pessimistic tomorrow is all that I see
I can live with my version of the world going past
Well the hard times we've had don't look so bad
Through the bottom of the glass So turn off the jukebox dim down the lights
I don't need no vision twenty twenty tonight
I'll pretend I don't see her even if they walk past
Through the jokes and the tears
Through the smoke and the beers
Through the bottom of the glass
Well the grapevine done told me what they see and hear
They must like to watch me get tears in my beer
I've found a new someone you may say she's trash
Well she ain't much to see but she looks good to me
Through the bottom of the glass
So turn off the jukebox dim down the lights
I don't need no vision twenty twenty tonight
I'll pretend I don't see her even if they walk past
Through the jokes and the tears
Through the smoke and the beers
Through the bottom of the glass Through the jokes and the tears
Through the smoke and the beers
Through the bottom of the glass
