Into the Darkness

In This Moment

Advisory - the following lyrics contain explicit language:

You repulse me.
I am beautiful.
I hate you.
I love you.
How can you even love yourself?
I am worthy.
You disgust me.
I am pure.
I'm letting you go now.
Please don't go.
You'll burn in Hell.
I will float to mortality
There is no God.
God is inside of me.
No wonder your father left you.
He should have protected me.
Just take a closer look.
I will not!
You're a whore!
I forgive you.
