

# Superstar

## Tegan and Sara

Do you wanna be a star?  
Dignified in what she does  
When she sings  
The smile that she brings  
To all of you unaware of what's to come  
I said tell me  
What's to come Green is the color of my envy  
It's the color of fame  
So I'm gonna write it down  
And then I'm gonna scream it out  
And I'm never gonna be the same  
Again Fear is the color you've all exposed  
Now I gotta get up here  
And prove the importance  
Of my clothes, and my pose, I suppose  
Again Hard core superstar by far  
You're the ultimate star  
Hard core superstar by far  
You're the ultimate Do you wanna be a superstar?  
Well, that's what you are  
You're gonna be a star  
You're the ultimate star Clever in what she does  
Competing for the attention  
Of those people that you know My whole life revolves around your absence  
Until I can't remember  
What I was, or what I do, or what I know  
Or where I go Every moment was that moment  
Every day was that day  
Every second was that second  
And I've lost myself again  
Yes, I've lost myself again Hard core superstar by far  
You're the ultimate star  
Hard core superstar by far  
Do you wanna be a? Do you wanna be a superstar?  
Well that's what you are  
You're gonna be a star  
You're gonna be a star And soon my face will be on every magazine  
And then my voice will be on every frequency  
Take my heart while you're at it

Why don't you sign me up to sell me out?  
Why don't you sign me up to sell me out?  
Why don't you sign me up to sell me out?  
To sell me out  
To sell me out
