

# **Told You**

## **Cloud Boat**

I think I've lost my way, my love  
I think I've lost my wayThe time was on my hand, my love  
The time was on my hand, my loveNow I think I've lost my way, my love  
Now I think I've lost my wayTell me I made you proud, my love  
Tell me I made you proud, my love
