Watch the Dance

Tuxedo

No matter what your circumstance, just turn and watch the dance
No movement puts you in a trance, just turn and watch the dance
Forget about that dull romance, just turn and watch the dance
You may not get another chance, just turn and watch the danceJust watch the dance now, watch the dance nowThere's something about the way she does it
A recipe that's guaranteed to turn you on
And always got you thinking of itNo matter what your circumstance, just turn and watch the dance
No movement puts you in a trance, just turn and watch the dance
Forget about that dull romance, just turn and watch the dance
You may not get another chance, just turn and watch the danceShe's got me undivided, it's got me so excited
Just turn around again and play me like a violin
She pick it up and drop it, I'm reaching for my pocket
No women [?]She's got me undivided, it's got me so excited
Just turn around again and play me like a violin
She pick it up and drop it, I'm reaching for my pocket
No women [?]She's got you smelling like her favorite perfume
She knows it over, you can see it in her smile
And now there's nowhere else to turn toNo matter what your circumstance, just turn and watch the dance
No movement puts you in a trance, just turn and watch the dance
Forget about that dull romance, just turn and watch the dance
You may not get another chance, just turn and watch the dance
