

# Rebels Rule

## Stray Cats

Teenage rebels rule okay  
I'll be damned if I work all day  
I think that you look okay  
I won't even look your way  
Teenage rebels out all night  
Teenage rebels drink and fight  
Rockabilly rebel don't go to school  
Teenage rebel rule rule rule  
Hey hey hey hey  
Teenage rebels rule okay  
I'll be damned if I work all day  
I think that you look okay  
I won't even look your way  
Teenage rebels out all night  
Teenage rebels drink and fight  
Rockabilly rebel don't go to school  
Teenage rebel rule rule rule  
Hey hey hey hey  
You look like something that the cat dragged in  
Yeah well you look something of an assembly line  
I think it's high time you pay some rent  
I'd rather leave home and live in a tent  
The principal say you've been cuttin' class  
Well you can take that school and shove it up your ass  
That music you're playing is way too loud  
Ooh Rock and Roll is never too loud  
Teenage rebels rule okay  
I'll be damned if I work all day  
I think that you look okay  
I won't even look your way  
Teenage rebels out all night  
Teenage rebels drink and fight  
Rockabilly rebel don't go to school  
Ooh teenage rebel rule rule rule  
Hey hey hey hey
