I Get Out

Ziggy Marley

You want me to play the game, you tried again and again

To sell myself for fame, fit in the format man

To suit the image you want portrayed, so the people are still enslaved

You can't define what we do, I won't be put in a box for youI get out, I get out, I get out, I get out, I get out

I get out, I get out, I get, I get out, I get out

I get out, I get out, I get out, I get out

I get out, I get out, I get out, I get out I get out of the universe, won't be prisoners of your little world

The mind is limitless where time does not exist

We travel far beyond the realms of expectations

And I refuse to be what you expect of meI get out, I get out, I get, I get out, I get out

I get out, I get out, I get, I get out, I get out

I get out, I get out, I get out, I get out

I get out, I get out, I get out, I get outWhat would you lose to gain, the price is high to pay

Desire not to be like them, to follow the dream of sin

Oh, blessed are the meek and humble my own spirit

'Cause music is a holy thing, oh, we giving thanks for the blessingsI get out, I get out

I get out, I get out, I get out, I get out

I get out, I get out, I get, I get out, I get out

Mama, I get out, I get out, papa, I get out, I get outSaid, "I'm gonna hit it down", said, "I'm gonna kick it down"

Said, "I'm gonna hit it down", said, "I'm gonna kick it down"

Said, "I'm gonna hit it down", said, "I'm gonna kick it down"

Said, "I'm gonna hit it down", said, "I'm gonna kick it" I get out, I get out, I get out, I get out, I get out

I get out, I get out, I get, I get out, I get out
